Research and Development News and Updates 2-Button Hand Control Improvement

NOTICE An improved version of the 2-Button hand control was implemented in September 2018. See below for all pertinent information.

Reason for change: Product Improvement.

Improvement: Will allow the product user to charge their handheld devices via the 1 AMP USB charging port.

Models affected: All sizes of the following models, UC214, UC332, UC480, UC542, UC544.

USB Disclaimer

The supplied USB charging port is only intended to be used with appropriate smart devices such as phones or tablets. Please refer to device manufacturer's charging requirements before using.

UltraComfort excludes liability for any damages or data loss regarding the charging device on a computer or other electronic device connected to the USB port.
