Steam

Smart Diagnosis™

6Motion™

Fast Forward your Laundry

LG's revolutionary TurboWash® Technology allows you to save 20 minutes on larger loads*, with outstanding cleaning performance! *Based on AHAM-HLW-1-2010 test protocol. Cotton/Normal or comparable cycle at default settings, 8-lb loads, front load washers only.

Deep Clean with Steam

LG Steam Technology penetrates fabric to remove soil and enhance cleaning results, it also removes common household allergens. The Allergiene™ cycle gently removes over 95% of common household allergens, like dust mites and pet dander from even the most delicate fabrics. Certified by the Asthma Society of Canada.

All the Right Moves

With 6Motion™ Technology, each wash

cycle combines up to 6 different wash motions to provide a revolutionary cleaning experience and ultimate fabric care.

Call, Connect, Resolve

SmartDiagnosis™ uses self-diagnosing technology that can communicate 24/7 with LG customer service over the telephone providing you with comfort and reliability.

Count On It

When you buy a washer, you don't want to worry that it won't last. Because the DirectDrive™ Motor uses fewer moving parts and operates more efficiently, LG confidently backs the motor with a 10-year warranty.
